

MANITOU SPRINGS SCHOOL DISTRICT 14

GO MUSTANGS!

MANITOU SPRINGS ELEMENTARY SCHOOL • UTE PASS ELEMENTARY SCHOOL • MANITOU SPRINGS MIDDLE SCHOOL • MANITOU SPRINGS HIGH SCHOOL

MSES Pumpkin Drop

Staff and students gathered outside to watch pumpkins being dropped from the roof! It was interesting to see whether size, color, carved or whole played a role in which pumpkin would hit the ground first ... or if they'd land at the same time.

MSHS H2 WOA

Students in the high school Physical Science class explored the watershed and water systems in the Pikes Peak region. Students learned how to test water quality, observed the water process and human impacts, and learned what we can do to protect our water sources. Thanks to our sponsors who helped make this field trip possible: Catamount Institute, the Parent Action Committee and Criterium-McCafferty Engineers.

UPES Morning Announcements

UPES had a surprise guest for its morning announcements! Dr. Elizabeth Domangue played an instrument with the second-graders.

MSMS Honor Roll

We had fun recognizing our students during the first-quarter Honor Roll Celebration!

WE ARE HIRING JOIN OUR TEAM
