

MANITOU SPRINGS SCHOOL DISTRICT 14

GO MUSTANGS!

MANITOU SPRINGS ELEMENTARY SCHOOL • UTE PASS ELEMENTARY SCHOOL • MANITOU SPRINGS MIDDLE SCHOOL • MANITOU SPRINGS HIGH SCHOOL

Career and College Readiness Corner

February is Career and Technical Education Month!

Manitou Springs School District provides relationships, deep learning and opportunities through its CTE programs in its commercial arts, construction, health sciences, technical theatre, computer science, teacher cadet and ACE programming. We're able to receive support through state and federal grants and partner with community organizations to support our students. Our teachers dedicate time in the summer and after-school to offer this for our students and we are grateful for their dedication.

If you would like to support these efforts, please contact Kolleen Johnson at kjohnson@mssd14.org.

Manitou Springs Middle School and High School are also able to partner with PeakEd Scholars, a local nonprofit supporting students' post-secondary preparation and success.

Peak Education

Peak Education has worked for more than 20 years to help youth from low-income backgrounds earn admission into college and reach for their educational potential. Peak Education's recent expansion efforts include a new partnership with Manitou schools. Our services include monthly meetings that explore goal setting, building a growth mindset and opportunities to connect with "keynote" guest speakers. In high school, students receive intensive college and scholarship counseling. Throughout the program students receive mentoring support with maintaining their grades and working toward their personal goals, involvement in community service and impact programming and opportunities for the entire family to connect around meaningful topics. To learn more, log onto www.peakedu.org.

Plotting parabolas

Some MSMS eighth grade math students are learning to use graphing calculators!

Setting the scene

MSHS Technical theater students are working on their set painting skills, starting with bricks and marble.

In the D14 kitchens ...

Nutrition Services are still cranking out delicious and nutritious meals for students!
