

MANITOU SPRINGS SCHOOL DISTRICT 14

GO MUSTANGS!

MANITOU SPRINGS ELEMENTARY SCHOOL • UTE PASS ELEMENTARY SCHOOL • MANITOU SPRINGS MIDDLE SCHOOL • MANITOU SPRINGS HIGH SCHOOL

We are the champions!

The middle school girls cross country team won the Central Colorado Athletic League Championship (CCAL) meet. This is the first cross country championship won by a school other than Monument Academy, who has won it every year since the inception of the CCAL in 2015! Mustangs for the win! Nice job team!

Manitou Climbing Club rocks!

MSHS teacher Lawrence Housley recently started the Manitou Climbing Club and accompanies students to City Rock for some climbing adventures!

MSHS Game Club

High school teachers Pierce Gillard and Zach Brown have started a Game Club with high school students this year! The club meets weekly and plays numerous board games and will also include a video game element. More than fifteen students have been attending regularly, and students have emphasized how thankful they were for "a place to be themselves" and to "just have fun!"

Oct. 18-22 is National School Bus Safety Week

The school bus is the safest vehicle on the road because of the cooperative efforts between industry and government regulators. Its history of innovation and development is well documented. School bus traffic laws are strictly enforced. School bus drivers are well trained. These are just some of the reasons why they are safer than cars in avoiding crashes and injuries.

LEARN THE FACTS
PLAY IT SAFE
schoolbusfacts.com

STUDENTS ARE ABOUT 70 TIMES MORE LIKELY TO GET TO SCHOOL SAFELY IF THEY TAKE THE SCHOOL BUS INSTEAD OF TRAVELING BY CAR.

Q: How has the school bus changed over the years?

A: Today's school buses are tougher, cleaner, safer and more diligently maintained than ever before.

Q: Are there special requirements for school bus drivers?

A: Yes, school bus drivers are well trained in safety procedures, undergo record checks, and must participate in pre-employment and random drug and alcohol testing.

Q: Why are school buses a safer way to send children to school than by car?

A: School buses are designed differently than passenger cars. They have safety features that make them safer than cars in avoiding crashes and injuries. Stop arm laws protecting children from other motorists exist in every state.

Q: How do laws protect students who are getting on and off the school bus?

A: By making it illegal for a motorist to pass a school bus within the roadway as it drops off or picks up passengers — regardless of the direction of approach.

Q: What are some of the safety features that help protect students on the school bus?

A: School buses are equipped with flashing red lights, cross-view mirrors and stop-sign arms. They also have protective seating, high crush standards, rollover protection features and are designed to be highly visible.

Q: How do school buses reduce the carbon footprint?

A: With a nationwide capability of removing up to 17 million cars from joining the daily commute, school bus ridership saves over 20 million tons of CO2 emissions each year.

Q: What emerging technologies are being considered for future school buses?

A: Improvements to and additions of restraint systems, cross arms and green technology are constantly evolving. Conversations around wi-fi, video and inspection and tracking technologies are ongoing.

Q: What Federal Government oversight is involved with the quality and maintenance of the school bus?

A: At the national level, there are currently 10 congressional committees and a number of departments that directly affect the industry — including three Department of Transportation agencies.

Important dates

Friday, Oct. 15: Staff Workday (no students)

Thursday, Oct. 21 and Friday, Oct. 22: Parent-Teacher Conferences

Wednesday, Oct. 27: Two-hour late start
