

MANITOU SPRINGS SCHOOL DISTRICT 14

GO MUSTANGS!

MANITOU SPRINGS ELEMENTARY SCHOOL • UTE PASS ELEMENTARY SCHOOL • MANITOU SPRINGS MIDDLE SCHOOL • MANITOU SPRINGS HIGH SCHOOL

World Language and Culture Month

May is World Language and Culture Month at MSSD14! The theme for the 2021 World Language and Culture Month is ... Collaborations.

This year, world language students from across the district took a break from in-person projects to collaborate with their classmates in brainstorming, developing and producing an original video which represents their research and learning with connections to collaborations

in the target languages and cultures. Student videos will be live and available for viewing on the MSSD14 website via a QR code, which will be posted by 3 p.m. May 5, and will remain available until the end of the school year! Help us celebrate our amazing students and world language and culture throughout our school community! Don't miss these amazing projects from MSES, UPES, MSMS and MSHS world language classrooms!

MSES in bloom

In collaboration with our Manitou Springs Pollinator Society and our district's art department, Mrs. Pearson's second grade artists have created oil pastel tulip drawings that will be on display at Manitou Springs City Hall and possibly on art banners that will decorate our downtown for the summer. Their primary color-inspired tulips, created in Mrs. Dunlap's art class, will be show-cased at Manitou Springs City Hall through the first week of May, as part of a community collaboration project with our school district and the Pollinator Society to celebrate and create awareness of how our pollinators benefit the "Web of Life." This field trip to City Hall to admire their beautiful display. Happy spring!
