MSMS Math Students Prepare for Second Semester

Two of Mrs. McCune's seventh-grade students, Elisa and Elizabeth, compare stacks of first semester math practices as they clean their binders in preparation for more learning to come!

Third-Grade Dictionary Program

The Rotary Club of Pikes Peak presented dictionaries to ALL MSES third-graders on Monday, Dec. 13. Thank you for this incredible gift to our third-grade students!

After-school Childcare Team at MSES & UPES

At the beginning of the school year, the district was looking for a solution to provide childcare for our MSES and UPES students and families. We decided to create a program run by district staff, and to our great benefit, Kaya Hutcherson and Tatiana Shafer stepped up to design and run the childcare program!

In addition to their nutrition services and para jobs, Kaya and Tatiana have run this program for the first semester, 3-6 p.m. weekdays! The service they have provided has created opportunities for families that may have limited options for after-school care and the impact has been profound! We are grateful for their hard work, creativity and enthusiasm that made this program a huge success this semester!

Thank you, Kaya and Tatiana!!!!

Important dates

Late Start: Wednesday, Jan. 26, and Wednesday, Feb. 2
